

# LEBCS Travel Guidance Update

Easter Recess will be Monday, March 29 through Monday, April 5 with students returning to school on Tuesday, April 6. In line with updated NYS guidelines, students traveling within the United States and returning to New York after Thursday, April 1 will not have to quarantine before returning to school the following week. Note: this update does not apply to students who will be traveling outside the United States.

Even with this new policy in place, the following guidelines still apply –

-Students who are sick or symptomatic in any way should stay home and, if their symptoms are indicative of a COVID-19 infection, they should be tested before returning to school

-Students who come into contact with someone with COVID symptoms while they are away traveling should be tested or should quarantine before returning to school

-While traveling, students should be encouraged to continue observing good health practices such as regular hand washing, mask wearing while in public, and physical distancing

If you have any questions about these new guidelines please give us a call. God bless.
